2. Human Resources Policy- Concept of Earned Time: Chair Wilson raised the concept of Earned Time to be considered for inclusion in the Town Personnel policy in the prior meeting and presented an example from the Boston Medical Center for review asked for further discussion. Selectman Abbott said he thought that the principles behind the concept of Earned Time made sense in that it gave employees more flexibility in how they take their time and provided them with privacy in that they would not have to claim how they spent their earned time. It could also simplify bookkeeping. Selectman Abbott expressed strong concerns about using the number of Earned Time days cited in the Boston Medical Center document as a benchmark for Rowe could create a liability for the town. He gave specific examples including the Society for Human Resource Management's (SHRM) Survey Report that showed fewer Earned Time days especially during the beginning years of employment. In addition, he thought the probationary period should be more restrictive and that extended sick leave be addressed.

Vice-Chair Gleason raised concerns about the holiday schedule and how that applied. Selectman Abbott suggested touching base with an expert and making policy then tweaking it. Chair Wilson asked that Select Board Members work on it individually, have further discussion, and finalize a draft prior to sending it to Town Counsel for review. Selectman Abbott thought a chart of current policy would be helpful for reference.

6. Concern over Town Counsel Procedure: Following review of a draft letter to Town Counsel addressing Fire Department issues, the issue of use of Town Counsel was discussed.
